Dated Camp Mysore, the 29th Sept.1925.

Dear Sir,

am in receipt of your letter re the opening of the Female Dispensary at Nanjangud.

There seems to be some misapprehension about this matter. The proposal is that the Dispensary should be opened in the Town Hall building only temporarily till the combined Dispensary building is ready for occupation. The Public Works Department have taken the work on hand, and it is expected to be completed before the close of the current official year.

As the people are pressing for the opening of the Dispensary at once as there is much sickness about, I request you to obtain early orders of Government in the matter and start the Female Dispensary in the Town Hall building temporarily as early as convenient.

Yours sincerely,

To

The General Secretary to the Government of
H. H. the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.C.65-San.1-25-42, dated 15th October 1926, I have the honour to state that I could manage to post a Lady Sub Assistant Surgeon to the charge of the Female Dispensary at Mudigere when the opening of the institution is sanctioned by Government.

As regards the source from which the Government share of the cost of the institution has to be met, I have to bring to notice that in the case of these institutions, the whole of the cost is paid, in the first instance, from the grants of the Medical Department and the share to be borne by the local bodies is subsequently recovered from them. Funds for the entire charges have therefore to be made available in the Medical Budget. But there is no provision in the sanctioned Medical Budget to meet even the Government share.

Out of the Rs.5,000/- provided for "new ~~dispensaries~~ dispensaries", a sum of Rs.3,400 will be required to meet the cost of maintaining the Hole-Narsipur Female Dispensary, sanctioned in G.O.No.G.420-3-Med.101-24-30, dated 14th July 1926 and the balance of Rs.1,600 will just suffice to equip and run the Dispensary at Solur, sanctioned in No.1308-11-Med.29-25-55, dated 7th August 1926. My application for a provision of Rs.35,000/- on account of five male and five female dispensaries with maternity arrangement, made in letter No.Pl.32-7-13, dated 2nd March 1926, was not favourably considered. I am therefore unable to find funds for new institutions, unless I am allowed to apply for an additional grant.

I have the honor to be,

Letter No. C. 432-6 dated 3rd January 1927 from the Senior Surgeon in Mysore to the General Secretary to the Government of Mysore.

With reference to your letter No. G. 2597/Med 42-26-2 dated 4th September 1926, I have the honor to state that after meeting the recurring charges of the two new dispensaries already sanctioned (including the one to be opened at Solur) for which no other provision was included under L.F.Dispensaries in the current year's budget and which expenditure has therefore to be met from the lumpsum provision of Rs. 5,000 for new dispensaries whatever amount may be available will have to go to meet the -- charges of the female dispensary at Mudigere which has to be -- urgently opened, since no funds are available under the Malnad Improvement grant for the purpose.

I therefore request that the opening of new dispensaries at the marginally noted, which has been under correspondence for some time past may kindly be put off till the next official year, provision for the same being ordered to be made in the next year's budget.

I may add that in my letter No. G.C. 360-31 dated 20th December 1926, I have already recommended the opening of a rural dispensary at a reduced cost at Amritur.

Dear Dr. Usman,

The Dewan desires to know why the Female Dispensary at Mudgere has not been opened yet though it was completed some months ago. Has there been any difficulty in finding a Lady Sub Assistant Surgeon for being posted to the place? The Dewan considers also that more active steps should have been taken in regard to the construction of the Female Hospital at Chikmagalur. This matter through one cause or another has been delayed for a long time. I am to ask that special steps may be taken to put the matter through early.

Yours sincerely,

MW

Extract from D.O. letter No. C.2014-67, dated the 3rd February 1927, from the Senior Surgeon in Mysore, to the General Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

In reply to your D.O. letter No. G.7918/Med, dated the 28th January 1927, I write to inform you that it is - true that there has been difficulty, in finding a Lady -- Sub Assistant Surgeon to be sent for opening the Female - Dispensary at Mudigere. Miss. H. Saradamma, L.M.P., who was intended to be sent there, has failed to respond to - my order. I shall, however, try and post some lady Sub Assistant Surgeon to open the Institution, as soon as sanction is accorded to the scale of expenditure detailed in my letter No. C.2014-61, dated the 22nd December 1926, to be incurred on this institution.
